BIG FOOT CAPTURED.

A Dangerous Indian in the Hands of the Soldiers--Surrender of Bad Lands Hostiles.

OMAHA, Neb., Dec. 29.—At headquarters of the department of the Platte, last night, a dispatch was received from General Brooke, which stated that Major Whitesides, in command of a battalion of the Seventh cavalry, had captured Big Foot and his entire band near the head of Porcupine creek. About 150 bucks surrendered. General Brooke also telegraphed that the hostiles in the Bad Lands had surrendered, and would reach Pine Ridge on Tuesday. Bright Eyes sent word here that half the hostiles had left the Bad Lands and were within a few hours' march of the agency.

WOUNDED KNEE CREEK, S. D., Dec. 29.—The surrender of Big Foot and his band of hostiles was an interesting sight. The morning was as bright and warm as a summer's day. Every one of the soldiers had his overcoat off and was talking about the weather. The fifteen Indian scouts had been gone two days and no word from them. Little Battle started out at day break, and at 10:30 was seen dashing over the ridge for the camp waiving his hat. In a few minutes he was at Major Whiteside's quarters with the good news that Big Foot was only eight miles away.

Boots and saddle was sounded, and if ever a lot of men got out of camp in a hurry it was the veterans of the Seventh. In a few moments they were hurrying over the ridge eastward towards Porcupine Butte. Passing that, they turned north and east, descending the slope to the Porcupine valley, where they soon found Big Foot's band drawn up in line like soldiers and apparently ready for battle. There were over 150 war like bucks, heavily armed, facing the cavalry that they met last in 1876 on Little Big Horn. One shot from any source, and a tragedy would go over the wires, but Big Foot advanced from his side and Major Whiteside from the boys in blue.

Big Foot started in for a long talk on how weary he was of running around, and said he wanted to open his heart to the chief of the soldiers. Whiteside was there, however, for business, not talk, and said that he must surrender or fight. Like magic up went a flag of truce and Big Foot surrendered his band of 150 warriors and 250 women and children. The prisoners were marched over to the old camp on Wounded Knee. The battalion has surrounded the Indian camp and will keep vigilant guard over them until more troops arrive. The prisoners include the Sitting Bull gang that fled after their chief's death.

Scouts just in report that Short Bull and his braves are on their way to the agency, and are in camp now at Catholic mission, only six miles away.

RAPID CITY, S. D., Dec. 29.—Gen. Miles will be in the saddle after to-day. He will start this afternoon for Pine Ridge, going through the Bad Lands with an escort of scouts and the Sixth cavalry.

FRAUDULENT DIVORCES.

The Hebrews Will Break Up the Nefarious Business at New York.

NEW YORK, Dec. 29.—The efforts of the United Hebrew charities to break up the nefarious divorce traffic carried on among the ignorant Russian and Polish Jews by the so-called "rabbis" saw their first fruits yesterday. Rabbi S. M. Sisskind, who has undoubtedly issued more of these fraudulent divorces than any one in the business, was arrested yesterday afternoon, charged with obtaining money under false pretences. Later he was released on furnishing bail. Sisskind's methods have been thoroughly investigated and the number of divorces which he has granted in the past ten years is simply appalling. They run up to thirty and forty a year, for which he has received all the way from $10 to $50 each. In most cases the parties so divorced have remarried, so that the number of Russian and Polish Jews indictable for bigamy must be astonishingly large.

FEAR SMALL POX.

SAN ANTONIO, Texas, Dec. 29.—The officials of the Southern Pacific here declare that when the commissioners of Fort Bend county quarantined against Houston on account of small pox, the railroad authorities were not notified. Those who wished to get off were met by armed men who compelled them to remain on the train. The mails were delivered.

EIGHT HOURS.

The Massachusetts Carpenters Will Continue the Fight.

BOSTON, Dec. 29.—Notwithstanding the defeat of the Boston carpenters' eight-hour strike of last spring, the carpenters of the state have, in the meetings they have held in the past six months, resolved to continue the agitation. Representatives of twenty-four local unions at a meeting of the carpenter district council in Templar hall Saturday night, decided that the council shall fire their first eight-hour gun for the season of 1891 in Tremont Temple on New Years.

NEWARK, N. J., Dec. 29.—Fifteen hundred of the 2,000 women who were locked out three weeks ago by the Clark Thread company returned to work this morning. Two hundred men and boy spoolers also went back, but the spinners refused to return. The resumption of the mills is conceded to be a practical victory for Walmsley, the superintendent, and the spinners who insisted upon his dismissal are beginning to realize that their struggle has been a hopeless one.

COUNTERFEITERS' DEN

Found by the United States Officers in Montana.

LIVINGSTON, Mont., Dec. 29.—Lately a band of counterfeitors has been flooding Montana with silver dollars, but the United States officers have been puzzled as to the location of the counterfeiters' den. Saturday United States Marshal Devoe found a deserted cabin near Gray Cliff, on the Crow reservation, in which were all the apparatus for the manufacture of the spurious coin. A man named Frank Ellis was found in the locality and was arrested. He refuses to say anything.

WAS IT MURDER?

Death of a Bride, While on Her Wedding Trip, Under Suspicious Circumstances.

BELFAST, Dec. 29.—Seven weeks ago, a miner named McDowell, who had acquired a fortune by diamond digging in the Cape, married a handsome young woman at Kimberly, Griqusland West South Africa. After the solemnization of the marriage the newly married couple sailed for Ireland, where they intended spending the honeymoon. In the course of the tour through Ireland, McDowell and his young wife visited Bangor, twelve miles distant from this city. Yesterday the body of the bride was found lying by the roadside with a bottle which contained poison by her side. The tragedy has created a decided sensation and the theory of suicide is by no means undisputed. The police are reticent, declining to give out more than the facts above set forth. The husband of the dead woman has not yet been placed under arrest.

A Branch of the Order Exists in Detroit.

DETROIT, Dec 29.—Through the retaining of Charles A. Moore, of this city, to assist in the defense of the Italians accused of murdering Chief-of-Police Hennessy, of New Orleans, it has leaked out that a branch of the dreaded Mafia exists in this city. It is said that the society here numbers eighteen or twenty members. The managing editor of a Detroit daily has a letter in his possession which is signed by the Mafia, and which orders him under penalty of vague threats, to drop the use of the word Dago for Italian in his newspaper.

BOTH SIDES STUBBORN.

The Condition of the Railway Strike in Scotland.

GLASGOW, Dec. 29.—The railway situation in Scotland steadily improves, and the passenger traffic is being generally resumed. The North British railway company has commenced reopening its local lines or "feeders," and the movement of freight trains is now slowly progressing. The attitude of employers and strikers alike remain unchanged. The men are determined to fight to the bitter end, and the railway officials remain stubborn in their purpose to crush the rebellious workmen.

CHRISTMAS CAROLS.

Melody and Gifts at Trinity Episcopal Church Last Evening.

Christmas was celebrated by the Sunday school of Trinity Episcopal church last evening. The church auditorium, where the exercises took place, was beautifully decorated. After a program, consisting of Christmas carols, an address, etc., was carried out, the congregation repaired to the parish house, where was beheld a most enchanting panorama of decorations, the center of attraction being a large Christmas tree laden bountifully with gifts for each one of the Sunday school scholars. The presents were distributed by Santa Claus himself, who emerged from a chimney and offered an apology for the lateness of his arrival, after which he proceeded to distribute the presents. He began work by tearing down the chimney and tossing down for each of the members of the Sunday school a brick—not a real brick, but a good imitation of one, which was found to be hollow and contained goodies of assorted kinds. Old Santa was assisted by Mr. Stimmel and Alex. and McLain Seabrease, and it is a caution the way that chimney diminished in size in such a short space of time. The tree was plucked of its burden of games and toys for the younger children, and books and other presents for the older ones, until it was only a skeleton of its former condition. The happy scholars passed the evening joyfully, and how could they do otherwise, when a Christmas tree, wreaths of holly and other things were there to inspire them to the glorious happiness of Christmas.

GRAND OLD MAN.

Hon. William Gladstone Honored On His Eighty-First Birthday.

LONDON, Dec. 29.—To-day occurred the eighty-first anniversary of the birth of William Ewart Gladstone, who is spending the day in the midst of his family and surrounded by friends. Advices from Hawarden are to the effect that the Welsh village is crowded with visitors who have come from near and far to pay their respects and to tender their congratulations to the vigorous old statesman.

Later in the day Mr. Gladstone drove in an open carriage to attend the unveiling of a beautiful fountain which the people of Hawarden, irrespective of politics, have erected to commemorate his golden wedding, and which is placed just outside of the chief entrance to the castle. In his speech accepting the gift and thanking the donors, Mr. Gladstone said, that after fifty years of residence in their midst, he had become so warmly attached to Hawarden, that he hoped to continue with them during the remainder of his life.

At first he was a clergyman and afterward became a merchant at Scio, and in his twenty-third year he was appointed Venetian consul at Smyrna. By his wife, whom he married at the age of 98 years, he had four children. His drink was water, he never smoked, and ate little, principally game and fruit. He drank a good deal of the juice of the root of viper's grass, ate very little at night, went to bed and rose early, then heard mass, and walked and labored incessantly to the last. He wrote down in twenty-two volumes everything remarkable which he had witnessed. He never had a fever, was never bled, and never took any medicine. At the age of 100 his gray hair again became black. When 109 he lost his teeth and lived on soup, but at 113 he cut two new teeth and began again to eat meat.

Late Saturday night occurred the death of Mrs. Eda Hilgemann, wife of Ernst Hilgemann, in the employ of W. and J. J. Geake, the stone contractors. The lady had been a sufferer from dropsy, which disease rendered her already normal condition so much more fleshy that she weighed at the time of her death, 350 pounds. Funeral director Peltier ordered a special casket, as the largest one on hand would not admit her body. A measurement of the woman's waist shows it to be five and one-half feet around. The deceased had been married several times and was forty-two years old. She leaves a husband but no children. The funeral will take place Tuesday afternoon at 2 o'clock from the house, 24 Fulton street.

A Highly Fashionable Theatrical Party to Attend Jefferson-Florence

The coming of the dramatic peers Joseph Jefferson and William J. Florence at the Temple in "The Rivals," next Thursday evening, is anticipated with a thrill of no little excitement. The Eight is composed of Messrs. Gustave Detzer, John Dougall, Ed. White, Frank Smock, Ross McCulloch, Charles Guild, B. F. Harper and Noble Olds. The party will be given under the auspices of this social organization and under the arrangement of Noble Olds and John Hanna. The sum of ninety dollars was handed to the treasurer of the Temple this morning to pay for the entire front row of the dress circle, to be occupied by this party, every one of whom will be in full dress. After the performance Jefferson and Florence and the actors will, with the party, repair to the elegant home of S. C. Lumbard, under chaperone of Mrs. Lumbard, Mrs. Charles McCulloch and Mrs. H. G. Olds. A grand reception and banquet will be there tendered them, at which toasts will be offered and responded to, besides the indulgencies that usually attend such an occasion.

A Popular Superintendent Claims a Bride at Newburg, N. Y.

Early last week Alfred E Manchester, the courteous and genial superintendent of the machine department of the Bass foundry and machine works, went east. His mission and destination were not known and as he has been regarded a life bachelor no suspicions were aroused over matrimonial possibilities, yet it is true that on Friday last, at Newburg, N. Y., he claimed as his bride, Miss Nellie Clark, an accomplished lady of that city. Mr. and Mrs. Manchester arrived in the city on the limited this morning and have temporary quarters at the Aldine. They will reside in the elegant double residence recently erected by J. F. Curtice on Montgomery street, east of Lafayette street. Congratulations are swarming in upon the couple.

The recent action of the Lake Shore in taking steps to fight the Order of Railway Telegraphers will probably end in trouble all along the line, says a telegram from Toledo. The Lake Shore's first step was in the issuance of an order by William Kline, superintendent of telegraphy, in which he notified all operators in the employ of the road that they must withdraw from the order and keep out of it. One of the requirements was that their withdrawal cards be sent to Mr. Kline as an evidence that his instructions had been carried out. Private advices, however, affirm that up to date Mr. Kline has received no withdrawal cards, and the operators will not withdraw. They will take no action, though, until some member of the order is discharged for not obeying Mr. Kline's order. One thing the operators object to is that they are compelled to teach telegraphy to subordinates, whereas the Wabash and Missouri Pacific have regular schools. It looks as if the next question to confront some of the big systems will be their relations with their telegraph operators.

MRS. MURRAY'S FUNERAL.

Deeply Solemn and Impressive Obsequies—Death of Young Children.

The funeral of Mrs. Kerr Murray took place this morning at 10 o'clock from the residence of A. D. Cressler, on West Wayne street, Rev. Smith, of Columbus, Ohio, officiating. Rev. Smith was a former pastor of the Third Presbyterian church of this city, and he was called upon because of the illness of Rev. Dr. Moffat and also because of his intimate acquaintance with the family. The Haydn quartet sang at the solemn service, Prof. Clem Stapleford, of Louisville, Ky., taking the place of Chas. Olds, who was absent from the city. The attendance was very large and the obsequies deeply impressive. The interment was at Lindenwood.

The pall bearers were as follows: J. B. White, J. M. Moritz, O. P. Morgan, Wm. McPhail, R. S. Robertson and A. Hattersley.

The eleven days old child of W. T. Roebuck and wife, of St. Joe township, died Saturday night of eczema. The father has been employed on the Cressler farm. The funeral occurred this afternoon.

The six months old child of Mr. and Mrs. Philip France, of 83 Home avenue, died of bronchitis Sunday morning. The funeral will take place Tuesday at 2 p. m., from the house.

THE "LITTLE EVANGELIST."

Henry Date, of Chicago, Conducting Revival Meetings in This City.

Henry Date, the "little evangelist," of Chicago, conducted services at the city department of the Y. M. C. A. yesterday afternoon, and delivered an interesting address, his subject being the gospel invitation, "Come Now." It was an earnest, eloquent plea to the sinner to forsake his wicked ways and accept the gospel plan of salvation. At the close of his remarks several persons in the audience arose for prayers. In the evening Mr. Date spoke at the Berry street M. E. church, delivering a sermon of rare interest and force. His meeting last evening was the beginning of a series of revival meetings which will continue for two weeks at the Berry street church.

The fine gold watch was presented to Harry Jones by the popular Globe clothing establishment. Mr. Jones, who is a customer of the Globe, was given a chance to guess on the time the watch would run when wound up, and came within two seconds of the exact time. The watch was placedt o view in the window of Mr. Graffe, the jeweler, and is guaranteed by him to be a fine and perfect gold timepiece. Mr. Jones' guess was 2 hours, 45 minutes and 3 seconds. The exact time was 2 hours, 45 minutes and 5 seconds.

The Master Builders' association of Fort Wayne held their annual election of officers at their Calhoun street rooms Saturday night. The result was as follows: President, William Geake; vice-president, Levi Griffith; secretary and treasurer, James W. Wilding; trustees, Henry Keller, Fred Miller, Ernest Breimeier, Ernest Boester, E. A. Ross Lewin, James Henry and John Baker. George Yeager was re elected clerk.

If Your House is on Fire

You put water on the burning timbers, not on the smoke. And if you have catarrh you should attack the disease in the blood, not in your nose. Remove the impure cause, and the local effect subsides. To do this, take Hood's Sarsaparilla, the great blood purifier, which radically and permanently cures catarrh. It also strengthens the nerves. Be sure to get only Hood's Sarsaparilla.

He said, from his experience with it, he regarded it as the most reliable preparation in use for colds, and that it came the nearest being a specific of any medicine he had ever seen. We are a patient people—the ox is nowhere in comparison.

We buy lamp-chimneys by the dozen; they go on snapping and popping and flying in pieces; and we go on buying the very same chimneys year after year.

Our dealer is willing to sell us a chimney a week for every lamp we burn—a hundred or more a year—and we plow for him, pay him for goading us.

Macbeth's "pearl top" and "pearl glass" do not break from heat; they are made of tough glass.

As likely as not our dealer would rather his chimneys would break; "it's good for the business," says he. He buys the brittlest ones he can get.

"What are you going to do about it?"

BIG FOOT CAPTURED.

A Dangerous Indian in the Hands of the Soldiers—Surrender of Bad Lands Hostiles.

OMAHA, Neb., Dec. 29.—At headquarters of the department of the Platte, last night, a dispatch was received from General Brooke, which stated that Major Whiteside, in command of a battalion of the Seventh cavalry, had captured Big Foot and his entire band near the head of Porcupine creek. About 150 bucks surrendered. General Brooke also telegraphed that the hostiles in the Bad Lands had surrendered, and would reach Pine Ridge on Tuesday. Bright Eyes sent word here that half the hostiles had left the Bad Lands and were within a few hours' march of the agency.

WOUNDED KNEE CREEK, S. D., Dec. 29.—The surrender of Big Foot and his band of hostiles was an interesting sight. The morning was as bright and warm as a summer's day. Every one of the soldiers had his overcoat off and was talking about the weather. The fifteen Indian scouts had been gone two days and no word from them. Little Battle started out at day break, and at 10:30 was seen dashing over the ridge for the camp waiving his hat. In a few minutes he was at Major Whiteside's quarters with the good news that Big Foot was only eight miles away.

Boots and saddle was sounded, and if ever a lot of men got out of camp in a hurry it was the veterans of the Seventh. In a few moments they were hurrying over the ridge eastward towards Porcupine Butte. Passing that, they turned north and east, descending the slope to the Porcupine valley, where they soon found Big Foot's band drawn up in line like soldiers and apparently ready for battle. There were over 150 war like bucks, heavily armed, facing the cavalry that they met last in 1876 on Little Big Horn. One shot from any source, and a tragedy would go over the wires, but Big Foot advanced from his side and Major Whiteside from the boys in blue.

Big Foot started in for a long talk on how weary he was of running around, and said he wanted to open his heart to the chief of the soldiers. Whiteside was there, however, for business, not talk, and said that he must surrender or fight. Like magic up went a flag of truce and Big Foot surrendered his band of 150 warriors and 250 women and children. The prisoners were marched over to the old camp on Wounded Knee. The battalion has surrounded the Indian camp and will keep vigilant guard over them until more troops arrive. The prisoners include the Sitting Bull gang that fled after their chief's death.

Scouts just in report that Short Bull and his braves are on their way to the agency, and are in camp now at Catholic mission, only six miles away.

RAPID CITY, S. D., Dec. 29.—Gen. Miles will be in the saddle after today. He will start this afternoon for Pine Ridge, going through the Bad Lands with an escort of scouts and the Sixth cavalry.

FRAUDULENT DIVORCES.

The Hebrews Will Break Up the Nefarious Business at New York.

NEW YORK, Dec. 29.—The efforts of the United Hebrew charities to break up the nefarious divorce traffic carried on among the ignorant Russian and Polish Jews by the so-called "rabbis" saw their first fruits yesterday. Rabbi S. M. Sisskind, who has undoubtedly issued more of these fraudulent divorces than any one in the business, was arrested yesterday afternoon, charged with obtaining money under false pretences. Later he was released on furnishing bail. Sisskind's methods have been thoroughly investigated and the number of divorces which he has granted in the past ten years is simply appalling. They run up to thirty and forty a year, for which he has received all the way from $10 to $50 each. In most cases the parties so divorced have remarried, so that the number of Russian and Polish Jews indictable for bigamy must be astonishingly large.

WISCONSIN'S SENATOR.

Colonel Vilas is the Leading Candidate in the Race.

CHICAGO, Dec. 29.—The Times this morning publishes the result of an inquiry it recently sent to editors of democratic papers in the state of Wisconsin regarding their choice for United States senator to succeed John C. Spooner, whose term as United States senator expires March 2, 1891. All of the best known democratic editors in the state responded and the result is as follows: Col. Wm. F. Vilas, 39; Gen. E. S. Bragg, 6; scattering, 8.

FEAR SMALL POX.

Passengers Not Allowed to Stop at Some Texas Towns.

SAN ANTONIO, Texas, Dec. 29.—The officials of the Southern Pacific here declare that when the commissioners of Fort Bend county quarantined against Houston on account of small pox, the railroad authorities were not notified. Passengers arriving yesterday report lively times at Richmond, Stafford, Rosenburg, and other stations in that section. Those who wished to get off were met by armed men who compelled them to remain on the train. The mails were delivered.

EIGHT HOURS.

The Massachusetts Carpenters Will Continue the Fight.

BOSTON, Dec. 29.—Notwithstanding the defeat of the Boston carpenters' eight-hour strike of last spring, the carpenters of the state have, in the meetings they have held in the past six months, resolved to continue the agitation. Representatives of twenty-four local unions at a meeting of the carpenter district council in Templar hall Saturday night, decided that the council shall fire their first eight-hour gun for the season of 1891 in Tremont Temple on New Years.

NEWARK, N. J., Dec. 29.—Fifteen hundred of the 2,000 women who were locked out three weeks ago by the Clark Thread company returned to work this morning. Two hundred men and boy spoolers also went back, but the spinners refused to return. The resumption of the mills is conceded to be a practical victory for Walmsley, the superintendent, and the spinners who insisted upon his dismissal are beginning to realize that their struggle has been a hopeless one.

DIED IN A SNOW BANK.

A Telegraph Operator Found Dead at Chicago—Fatal Accident.

NEW YORK, Dec. 29.—Frank A. Early, forty years old, of 91 Courtland street, was found dead this morning in a snow heap, at the corner of Frankfort and Pearl streets. His body was taken to the Oaks police station. Early was an operator on the waiting list of the Western Union Telegraph company. His wife and child are living in New Bargh, N. Y.

SHOALS, Ind., Dec. 29.—While workmen were engaged in building the Ohio and Michigan railroad bridge over the White river here yesterday a girder was let fall which knocked a stationary derrick down, crushing Mr. Wiseman, of North Vernon, to death and seriously injuring three other workmen—Lewis Long, P. W. Jackson and Isaac Little. No blame is attached to the railway company.

PENN YAN, N. Y., Dec. 29.—In November, 1884, domestic misunderstanding of long duration between Edward Hughes and his wife culminated in what was intended to be a cold blooded cowardly assassination of Hughes by his son Michael. The latter was this morning found, he having frozen to death.

WILMINGTON, Del., Dec. 29.—Levi Purnelle and Lewis Lever quarreled over a girl last night. Purnelle stabbed his adversary fifteen times and then struck him on the head with a tea kettle. Lever's condition is critical.

COUNTERFEITERS' DEN

Found by the United States Officers in Montana.

LIVINGSTON, Mont., Dec. 29.—Lately a band of counterfeitors has been flooding Montana with silver dollars, but the United States officers have been puzzled as to the location of the counterfeiters' den. Saturday United States Marshal Dance found a deserted cabin near Gray Cliff, on the Crow reservation, in which were all the apparatus for the manufacture of the spurious coin. A man named Frank Ellis was found in the locality and was arrested. He refuses to say anything.

WAS IT MURDER?

Death of a Bride, While on Her Wedding Trip, Under Suspicious Circumstances.

BELFAST, Dec. 29.—Seven weeks ago, a miner named McDowell, who had acquired a fortune by diamond digging in the Cape, married a handsome young woman at Kimberly, Griqualand West South Africa. After the solemnization of the marriage the newly married couple sailed for Ireland, where they intended spending the honeymoon. In the course of the tour through Ireland, McDowell and his young wife visited Bangor, twelve miles distant from this city. Yesterday the body of the bride was found lying by the roadside with a bottle which contained poison by her side. The tragedy has created a decided sensation and the theory of suicide is by no means undisputed. The police are reticent, declining to give out more than the facts above set forth. The husband of the dead woman has not yet been placed under arrest.

RALEIGH, N. The building was valued at $20,000, and there were seventeen engines in the house. The engines were valued at over $20,000. The round house was entirely destroyed, but the locomotives were gotten out in time to avoid their total destruction. They sustained considerable damage, however, which will prevent their use for some time.

THE DREADED MAFIA.

A Branch of the Order Exists in Detroit.

DETROIT, Dec. 29.—Through the retaining of Charles A. Moore, of this city, to assist in the defense of the Italians accused of murdering Chief-of-Police Hennessy, of New Orleans, it has leaked out that a branch of the dreaded Mafia exists in this city. It is said that the society here numbers eighteen or twenty members. The managing editor of a Detroit daily has a letter in his possession which is signed by the Mafia, and which orders him under penalty of vague threats, to drop the use of the word Dago for Italian in his newspaper.

BOTH SIDES STUBBORN.

The Condition of the Railway Strike in Scotland.

GLASGOW, Dec. 29.—The railway situation in Scotland steadily improves, and the passenger traffic is being generally resumed. The North British railway company has commenced reopening its local lines or "feeders," and the movement of freight trains is now slowly progressing. The men are determined to fight to the bitter end, and the railway officials remain stubborn in their purpose to crush the rebellious workmen.

CHRISTMAS CAROLS.

Melody and Gifts at Trinity Episcopal Church Last Evening.

Christmas was celebrated by the Sunday school of Trinity Episcopal church last evening. The church auditorium, where the exercises took place, was beautifully decorated. After a program, consisting of Christmas carols, an address, etc., was carried out, the congregation repaired to the parish house, where was beheld a most enchanting panorama of decorations, the center of attraction being a large Christmas tree laden bountifully with gifts for each one of the Sunday school scholars. The presents were distributed by Santa Claus himself, who emerged from a chimney and offered an apology for the lateness of his arrival, after which he proceeded to distribute the presents. He began work by tearing down the chimney and tossing down for each of the members of the Sunday school a brick—not a real brick, but a good imitation of one, which was found to be hollow and contained goodies of assorted kinds. Old Santa was assisted by Mr. Stimmel and Alex. and McLain Seabrease, and it is a caution the way that chimney diminished in size in such a short space of time. The tree was plucked of its burden of games and toys for the younger children, and books and other presents for the older ones, until it was only a skeleton of its former condition. The happy scholars passed the evening joyfully, and how could they do otherwise, when a Christmas tree, wreaths of holly and other things were there to inspire them to the glorious happiness of Christmas.

GRAND OLD MAN.

Hon. William Gladstone Honored On His Eighty-First Birthday.

LONDON, Dec. 29.—To-day occurred the eighty-first anniversary of the birth of William Ewart Gladstone, who is spending the day in the midst of his family and surrounded by friends. Advices from Hawarden are to the effect that the Welsh village is crowded with visitors who have come from near and far to pay their respects and to tender their congratulations to the vigorous old statesman.

Later in the day Mr. Gladstone drove in an open carriage to attend the unveiling of a beautiful fountain which the people of Hawarden, irrespective of politics, have erected to commemorate his golden wedding, and which is placed just outside of the chief entrance to the castle. In his speech accepting the gift and thanking the donors, Mr. Gladstone said, that after fifty years of residence in their midst, he had become so warmly attached to Hawarden, that he hoped to continue with them during the remainder of his life.

He will be joined by his family soon. The many old friends of the doctor will be pleased to note his arrival.

DARING ROBBERY.

Three Men Assault the Cashier and Rob the Bank.

CHICAGO, Dec. 29.—A most daring bank robbery occurred at South Chicago, twelve miles east of this city, at 1 o'clock this afternoon.

Three men drove up to the Merchants' Exchange bank in an open buggy. They entered and stepped to the cashier's window, where two of the ruffians engaged the bank officials in conversation while the third went through an open door and, laying violent hands on the cashier, beat him into insensibility. Then the robbers cleaned out the bank, leaving not a coin or a bill.

After a chase the police captured two of the ruffians, but the third escaped.

The following is from Mander's "Biographical Treasury:" Francis Hupasoli, centenarian, and one of the few men who have lived in three centuries, was born in 1587 in Sordinia, and died in 1702. At first he was a clergyman and afterward became a merchant at Scio, and in his twenty-third year he was appointed Venetian consul at Smyrna. By his wife, whom he married at the age of 68 years, he had four children. His drink was water, he never smoked, and ate little, principally game and fruit. He drank a good deal of the juice of the root of viper's grass, ate very little at night, went to bed and rose early, then heard mass, and walked and labored incessantly to the last. He wrote down in twenty-two volumes everything remarkable which he had witnessed. He never had a fever, was never bled, and never took any medicine. At the age of 100 his gray hair again became black. When 109 he lost his teeth and lived on soup, but at 113 he cut two new teeth and began again to eat meat.

AFTER AWFUL AGONY

Mrs. Ernst Hilgemann, Weighing Nearly Four Hundred Pounds, Dies From Dropsy.

Late Saturday night occurred the death of Mrs. Eda Hilgemann, wife of Ernst Hilgemann, in the employ of W. and J. J. Geake, the stone contractors. The lady had been a sufferer from dropsy, which disease rendered her already normal condition so much more fleshy that she weighed at the time of her death, 350 pounds. Funeral director Peltier ordered a special casket, as the largest one on hand would not admit her body. A measurement of the woman's waist shows it to be five and one-half feet around. The deceased had been married several times and was forty-two years old. She leaves a husband but no children. The funeral will take place Tuesday afternoon at 2 o'clock from the house, 24 Fulton street.

WITH MUCH ECLAT

A Highly Fashionable Theatrical Party to Attend Jefferson-Florence

The coming of the dramatic peers Joseph Jefferson and William J. Florence at the Temple in "The Rivals," next Thursday evening, is anticipated with a thrill of no little excitement. It is to be the event of the season, some say, therefore theatre parties are on the "organize." The Social Eight have probably eclipsed anything of this kind that will be attempted. The Eight is composed of Messrs. Gustave Detzer, John Dougall, Ed. White, Frank Smock, Ross McCulloch, Charles Guild, B. F. Harper and Noble Olds. The party will be given under the auspices of this social organization and under the arrangement of Noble Olds and John Hanna. The sum of ninety dollars was handed to the treasurer of the Temple this morning to pay for the entire front row of the dress circle, to be occupied by this party, every one of whom will be in full dress. After the performance Jefferson and Florence and the actors will, with the party, repair to the elegant home of S. C. Lumbard, under chaperone of Mrs. Lumbard, Mrs. Charles McCulloch and Mrs. H. G. Olds. A grand reception and banquet will be there tendered them, at which toasts will be offered and responded to, besides the indulgencies that usually attend such an occasion.

MANCHESTER'S MARRIAGE.

A Popular Superintendent Claims a Bride at Newburg, N. Y.

Early last week Alfred E. Manchester, the courteous and genial superintendent of the machine department of the Bass foundry and machine works, went east. His mission and destination were not known and as he has been regarded a life bachelor no suspicions were aroused over matrimonial possibilities, yet it is true that on Friday last, at Newburg, N. Y., he claimed as his bride, Miss Nellie Clark, an accomplished lady of that city. Mr. and Mrs. Manchester arrived in the city on the limited this morning and have temporary quarters at the Aldine. They will reside in the elegant double residence recently erected by J. F. Curtice on Montgomery street, east of Lafayette street. Congratulations are swarming in upon the couple.

THE Indianapolis News is twenty-one years old.

THE old year will soon be ended. It has only two days more of life.

IT is now proposed to demonstrate whether Dr. Koch's lymph will cure leprosy.

THE executive committee of the Western Association of Writers will meet at Indianapolis to-morrow to agree upon a plan for next year.

THE Ohio republicans are already casting about for a candidate for governor next fall. Foraker is reported to be opposed to both McKinley and Sherman.

THE annual convention of the Commercial Travelers' association of Indiana will be held at Indianapolis January 2 and 3, and the invitations for the occasion have been sent out.

LAST evening, at the Wayne street M. E. church, Rev. Eldridge delivered an interesting address on the subject: "How to Cope with the Liquor Traffic?" He handled the question ably and his discourse was replete with good points.

ANNOUNCEMENT is made in Washington dispatches that Quay purposes to break his long silence and issue a statement defending himself from the charges brought against him in connection with his administration of the Pennsylvania state treasury.

PROSECUTING ATTORNEY ROBINSON and Sheriff Viberg have returned from Fostoria. It is claimed that the evidence against Kuhns is very damaging, and he will be turned over to the Ohio authorities as soon as requisition papers can be secured.

RABBI HIRSCH, of Chicago, who is well know in this city, is reported to be very seriously ill with pleurisy. His recent attack of pneumonia has taken a malignant form, and at the library board rooms yesterday it was said that he had just recovered from a second and severe attack of pleurisy.

JAMES GARFIELD, the second son of the martyred president, will be married at Chicago to-morrow evening to Miss Helen Newell, daughter of Mr. John Newell, president of the Lake Shore railroad. Miss Newell was a friend of Miss Mason, who married Harry Garfield, and in that way the couple became acquainted.

CERTAIN wealthy ladies of Chicago, moved by sympathy with the poverty of Mamie Starr, who was convicted of the murder of members of the Newland family, and sentenced to imprisonment for a number of years, have subscribed money to be used in procuring a second hearing of an application for a new trial of this unfortunate woman, one such application already having been made and rejected.

HERE is a bit of good advice appropriate to the season, and borrowed from Ben Franklin, but which we commend to those whose books do not balance at the end of the year: "What if you fail in business? You still have life and health. Don't sit down and cry, for that will never get you out of debt. Go to work at something, eat sparingly, dress moderately, drink nothing intoxicating, and, above all, keep a merry heart, and you'll be up in the world."

"IT is a sad and terrible thing," writes Thomas Carlyle, "to see men professing to be cultured, and yet looking around in a purblind fashion, and finding no God in the universe. The older I grow—and I now stand on the brink of eternity—the more comes back to me the sentence in the catechism which I learned as a child, and the fuller and deeper it becomes: 'What is the chief end of man? Man's chief end is to glorify God, and to enjoy Him forever.'"

THE Smithsonian Institution has just received information, not yet printed or made public in this country, of the recent discovery at Tell-el-Amaria, in Upper Egypt, of a number of tablets relating to the history of Jerusalem and dating back six hundred years earlier than any records hitherto known. When it is understood that these tablets of stone are letters passed between the king of Jerusalem and Pharaoh of Egypt four hundred years before the birth of David, who was the father of Solomon, some notion will be formed of their extreme interest. These letters were written, so Dr. Cyrus Adler told a writer for the Star, about the year 1500 B. C., and cast a great light upon the relations of Egypt at that ancient epoch. This, of course, was long before Jerusalem was captured by the Jews.

A GENTLEMAN went to see Edison, the great electrician, taking with him his son who had just begun work as an office boy in a well known business house. The father asked Edison for a motto for the lad, which he might take to heart in his struggles for promotion and success. After a moment's pause Edison said, laconically: "Never look at the clock!" He meant that the man who is constantly afraid he is going to work overtime does not stand a chance of competing with the man who clears up his desk, no matter how long it takes.

THERE is some gossip about the capitol to the effect that after March 4 John J. Ingalls, of Kansas, will take to the lecture platform. Mr. Ingalls has been much impressed by the fact that Stanley is earning $1,000 a night and asked one of his brother senators if in the latter's opinion he (Ingalls) could draw large audiences. If Ingalls does decide to lecture it is likely he will endeavor to do something sensational between this and March 4 in order to attract public attention. There can be no doubt that Mr. Ingalls would succeed on the lecture platform. He is a picturesque and intellectual freak.

THE Indians are practically a doomed race, and none realize it better than themselves, says General Miles in the North American Review. They have been slowly driven from the richest part of the country they possessed, and they cannot but realize the superiority of the race that is now in possession. They are dependent, which is foreign to the nature of such a warlike people. Sitting Bull's remark to General Miles, "God Almighty made me an Indian, and He did not make me an agency Indian, and I do not intend to be one," expresses, no doubt, the natural sentiments of all the warriors in all the Indian tribes. They have the romance of the past history of their race, the freedom from restraint, and the roving life to ever remind them that they have lost a rich heritage, and the white man is alone responsible. They are naturally resentful, and have the nature to fight whenever they have an opportunity for revenge.

DR. A. T. HENRY, formerly of Crawfordsville, now of Newton, has discovered a consumption cure which he claims excels Dr. Koch's remedy. He has very recently perfected it, but has already cured two cases. One of them was a young lady, niece of Elijah Clare, a prominent farmer of Alamo. She was in the last stages of consumption on December 2, in bed and unable to speak above a whisper. Daily applications so improved her that on December 11 she was able to be up and around, and she now seems as well and strong as anybody. The other case was that of Mrs. Noggle, of Wingate, whose recovery was similar to that of the young lady at Alamo. Dr. Henry has applied for a patent on his contrivance. It consists of an alcohol lamp, a vessel containing a fluid, the composition of which is a secret, and two rubber tubes leading from the vessel. In applying the medicine the fluid is heated by the lamp and then inhaled by the patient through the tubes, one being for the mouth, the other for the nose.

IN SPEAKING of the reasons for economizing in natural gas consumption and for turning off indefinitely the supply to the large manufactories of the city, President Paul says in the Journal of yesterday that there was no apprehension in the failure of the supply at the gas districts. The supply he believed to be abundant for many years, at least, but there existed a present and pressing reason for husbanding the comparatively small amount that is now piped to Fort Wayne. He stated that a portion of the forty-mile main was of a size barely sufficient to carry enough gas for satisfactory distribution among the unexpectedly large number of consumers, and in very cold weather it was to be feared that the consumption of gas fuel at the big factories would be so great as to leave the private houses unprovided for. On this account the factories would be shut off from the mains. It is not expected that this state of things will last long. A new and larger main will be laid in the spring. But if the natural gas should fail the mains and connections the Natural Gas company had established in this city could be used in supplying fuel gas, which may be manufactured cheaply.

ACCORDING to Berlin advices Chancellor Von Caprivi is in active communication with foreign governments, including France, on the socialist question, the object being to arrive, if possible, at a common understanding as to the treatment of the most dangerous class of socialist agitators, who now, when driven from one country, plot against it from across the borders of another. The main difficulty in the way of an arrangement is said to be England's insistment upon furnishing a refuge of all fugitives. A St. Petersburg correspondent states that a new law against the Jews will be promulgated with the opening of the new year. It forbids selling, leasing or mortgaging to a jew any estate within the empire; all privileges heretofore granted to certain Jewish merchants as to the ownership of real estate are cancelled, Jewish artisans who have been permitted to reside outside of the Hebrew pale will have to return. The misery consequent upon this new decree can hardly be estimated. Christians aiding Jews to evade the regulations are to be punished. A Berlin letter says that the emperor is following the example of Frederick the Great in enlisting the tallest men that can be found for his guards.

CULTIVATING ART.

A New Studio Which Will Benefit the City and Lovers of Art.

A pretty little studio is about to be opened on East Lewis street, where an opportunity will be offered to novices in search of instruction. The studio has been established by the Misses Hamilton under the personal direction and supervision of Miss Maggie Hamilton. The object is not for financial gain, but there is a higher and nobler purpose—that of affording an easily accessible means of cultivating art, wherein a general benefit can be presented. Professor Forsyth, of New York, who was in the city for a period, will come here to assume the instruction, the provision of doing so being a guarantee by Miss Hamilton that he will have a certain number of pupils. More will be said of this laudable movement.

THE MASONIC TEMPLE.

Two Splendid Attractions This Week.

"The Bottom of the Sea," a marine spectacle adapted from the French by William A. Brady, will be produced at the Temple Wednesday, December 31, for an engagement limited to one night. Coming as it does direct from its Boston and New York presentations the piece is to be mounted here in exactly the same manner that characterized its success in those cities. From all accounts the scenic and mechanical effects are really superb.

The season's event will occur at the Temple Thursday, January 1, when the Jefferson-Florence company will present "The Rivals." Jefferson and Florence are the two greatest actors on the American stage, and the Temple will be crowded with a fashionable audience. The sale of seats for "The Rivals" opened to-day. Prices will be as follows: Lower floor, $2; balcony, $1.50; boxes, $15 and $20; admittance, balcony, $1.

THE LAND OF ORANGES.

A Lady Writes About the Beauties of Southern California.

Mrs. L. A. Newman, who visited friends in this city last summer, writes an interesting private letter from Riverside, Cal., where, with Mr. Newman, she is now residing, giving a description of their trip through Texas, New Mexico and Arizona. She writes interestingly of the Indians and describes Yuma, Arizona, as the hotest place in the United States. Concerning Riverside she says: "One is amazed at the beauty of nature at this place. It seems like spring or summer, for the birds are singing sweetly and the trees are green with leaves. One looks out of their hotel windows and sees long lines of large fan palms which are on either side of the street, and orange trees, laden with fruit, seems to be everywhere. Strawberries are ripe all the year round and the people live in a climate of perpetual summer. It is now about like that of the month of June in Indiana, and yet on the mountains in the distance, the peaks of some of which are 15,000 feet high, we can see great piles of snow. The business of growing oranges, which is carried on extensively, is very profitable here. It is said that if a man owns an orange grove of ten acres, that he is fixed for life. Last year some sold their crops on the trees for $1,000 an acre. Oranges are just getting ripe now and they sell here for more than they do in the east."

Manager Geary has wonderful attractions at the World's museum this week. Among some of them you will find James Wilson, the colored man, who is turning white from day to day. The stage show will present the following well known artists: Fort Wayne's favorite, Ed Logan, comedian; Chas. King, banjoist; Austin, musical artist; Truehart and Saville, comedians; Valvo, the Jap; Siebert children, and many other attractions of national reputation.

So many have been cured of rheumatism by Hood's Sarsaparilla that we urge all who suffer from the disease to try this medicine.

PENNINGTON'S AIR SHIP.

The Inventor, With Several Newspaper Men, Makes a Trial Trip From Chicago to This City.

"My air ship will make its trial trip at 12 o'clock to-morrow. Come immediately."

This was the telegram that came last evening from E. J. Pennington, at Mt. Carmel, Ill., to THE SENTINEL representative, whom Mr. Pennington had invited to accompany the party that sailed in the monster air ship on the occasion of its trial trip from Chicago to Fort Wayne.

The monster air ship, which was described in THE SENTINEL some weeks ago, is the invention of Mr. Pennington and it was supposed would solve the problem of ariel navigation. Its construction had been undertaken by a syndicate of capitalists, who had formed themselves into a company representing $20,000,000, and they had at last completed their airship and arranged for its trial trip.

THE SENTINEL representative was not slow in making his arrangements to start for Chicago, and hastily packing his little grip, and securing an additional $10,000 insurance on his life, the first train out of the city had him on board as a passenger.

He was met at the depot at Chicago by Mr. Pennington, who at once drove him to the Palmer house, where the newspaper representatives who were to take the aerial voyage were dined at 10 o'clock this morning. There were ten gentlemen in the party, THE SENTINEL being the only one from Fort Wayne. Dinner over, the party were driven to the suburbs of the city where the ship was to be launched. Our readers have already read in the columns of this paper a description of this wonderful invention and also been shown a cut of it as it was flying through the air. We will not repeat the description now, but will say that it presented a beautiful sight as it stood ready for its mid-air journey.

Everything was in readiness, and at a quarter before twelve our party stepped into the cabin or car of the ship, with Mr. Pennington and his partner, Mr. Butler. Enough gas was put in the vacancy chamber to make the whole ship, with its human freight, lighter than the air, and when the side propellers were started by the engine, the ship rose from the surface of the earth to a height sufficient to clear it of the highest tree tops and buildings, and started on its course eastward.

It traveled rapidly. Chicago was soon left in the distance, for we flew through the air at the rate of over three miles a minute. Below us we could see the farms and towns and cottages as we passed. At Plymouth, THE SENTINEL man saw Dan. McDonald, of the Democrat, out on the street, with a crowd of people, looking at the monster bird, while at Warsaw, Gen. Reub. Williams, of the Daily Times, was seen signaling us to stop and take him on board, but on and on and on we sped and in fifty-two minutes Fort Wayne was reached. Over the city we flew at lightning speed, when suddenly the order came from Mr. Pennington "stop" and the ship's bow was headed to the wind, the rudders set and slowly the air-bird descended and landed in the field east of the city, near where White's wheel works once stood.

The trip was a successful one and THE SENTINEL could hardly realize that it was all a dream when he awoke, but the truth flashed upon him when he heard the yell "copy" from the boys in the composing room, and hastily grasping his pencil, the above is the result, but don't call E. J. Pennington "a dreamer" or his air ship "a bubble" for it may accomplish wonders and solve the long talked of problem of ariel navigation.

James S. Murphy, M. D., Company's Shops, N. C., writes:—"I sell a great of Dr. Bull's Cough Syrup, for every one who tries it likes it."

"There are more things in heaven and earth, Horatio, than are dreampt of in your philosophy." Of course! Why, those old duffers suffer horribly with ache and pains, and didn't and couldn't know that Salvation Oil would cure them.

Grown people feel the truth, but it is the chilpren who tell it.

The question has been asked, "In what respect are St. Patrick's Pills better than any other?" Try them. You will find that they produce a pleasanter cathartic effect, are more certain in their action, and that they not only physic but cleanse the whole system and regulate the liver and bowels. CATARRH

Is a constitutional and not a local disease, and therefore it cannot be cured by local applications. It requires a constitutional remedy like Hood's Sarsaparilla, which, working through the blood, eradicates the impurity which causes and promotes the disease, and effects a permanent cure. Thousands of people testify to the success of Hood's Sarsaparilla as a remedy for catarrh when other preparations had failed. Hood's Sarsaparilla also builds up the whole system, and makes you feel renewed in health and strength.

N. B. If you decide to try Hood's Sarsaparilla do not be induced to buy any other.

"I used Hood's Sarsaparilla for catarrh, and received great relief and benefit from it. The catarrh was very disagreeable, causing constant discharge from my nose, ringing noises in my ears, and pains in the back of my head. The effect to clear my head in the morning by hawking and spitting was painful. Hood's Sarsaparilla gave me relief immediately, while in time I was entirely cured. I think Hood's Sarsaparilla is worth its weight in gold." MRS. G. B. GIBB, 1029 Eighth Street, N.W., Washington, D. C.

"Hood's Sarsaparilla has helped me more for catarrh and impure blood than anything else I ever used." A. BALL, Syracuse, N. Y.

Ed. Lynch, formerly with the organ factory, has accepted a position carrying messages in the offices of the Grand Rapids road in the place of Thomas McCoy, who resigned and has left for his home at Chicago.

The machinists in the Wabash shops are working day and night on new engine No. 18, to be turned out by the first of the new year. It is for the Cincinnati, Jackson and Mackinaw road, and will be sent to Jackson, Mich.

George Patterson, who for a number of years was an engineer on the western division of the Fort Wayne road, and who left to accept a similar position on the West Shore road, with headquarters at Buffalo, N. Y., has returned to his home in this city.

Gust Hookelmeyer and brother, formerly armature winders in the electric light works, but lately connected with the Brush plant at Cleveland, Ohio, are in the city, and will leave to accept positions in the Thompson-Huston works at Chicago.

J. Lehman and Fred Minch, of the car wheel department of the Bass works, left this morning over the Nickel Plate road, on a three days hunting trip. They made a heavy wager before leaving that they would bring home one hundred and fifty rabbits. The boys are very anxiously awaiting their return.

Paymaster George T. Hitchcock, of the Wabash, made a remarkable run a few days ago, leaving Wabash at 5 p. m., stopping at Kellers to pay five men and at Lake Erie crossing to make one payment, and running into the depot at Peru, a distance of fourteen miles at 5:14 p. m., less than a mile a minute counting the stops.

G. M. Fordney, car wheel moulder at the Bass works, has returned from a trip to St. Louis. While there he met many of his old friends who formerly resided in this city. He met E. L. Thomas, a typo, who is now working on the Globe-Democrat. He formerly held a similar position on THE SENTINEL. He also met J. W. Cassmall, who now has charge of the printing department of a wholesale grocery store. Both men have homes of their own and are getting along nicely. They send their regards to Fort Wayne friends.

The recent action of the Lake Shore in taking steps to fight the Order of Railway Telegraphers will probably end in trouble all along the line, says a telegram from Toledo. The Lake Shore's first step was in the issuance of an order by William Kline, superintendent of telegraphy, in which he notified all operators in the employ of the road that they must withdraw from the order and keep out of it. One of the requirements was that their withdrawal cards be sent to Mr. Kline as an evidence that his instructions had been carried out. Private advices, however, affirm that up to date Mr. Kline has received no withdrawal cards, and the operators will not withdraw. They will take no action, though, until some member of the order is discharged for not obeying Mr. Kline's order. One thing the operators object to is that they are compelled to teach telegraphy to subordinates, whereas the Wabash and Missouri Pacific have regular schools. It looks as if the next question to confront some of the big systems will be their relations with their telegraph operators.

MRS. MURRAY'S FUNERAL.

Deeply Solemn and Impressive Obsequies—Death of Young Children.

The funeral of Mrs. Kerr Murray took place this morning at 10 o'clock from the residence of A. D. Cressler, on West Wayne street, Rev. Smith, of Columbus, Ohio, officiating. Rev. Smith was a former pastor of the Third Presbyterian church of this city, and he was called upon because of the illness of Rev. Dr. Moffat and also because of his intimate acquaintance with the family. The Haydn quartet sang at the solemn service, Prof. Clem Stapleford, of Louisville, Ky., taking the place of Chas. Olds, who was absent from the city. The attendance was very large and the obsequies deeply impressive. The interment was at Lindenwood.

The pall bearers were as follows: J. B. White, J. M. Morris, O. P. Morgan, Wm. McPhail, R. S. Robertson and A. Hattersley.

The eleven days old child of W. T. Rosbunk and wife, of St. Joe township, died Saturday night of eczema. The father has been employed on the Cressler farm. The funeral occurred this afternoon.

The six months old child of Mr. and Mrs. Philip France, of 83 Homestreads, died of bronchitis Sunday morning. The funeral will take place Tuesday at 2 p. m., from the house.

THE "LITTLE EVANGELIST."

Henry Date, of Chicago, Conducting Revival Meetings in This City.

Henry Date, the "little evangelist," of Chicago, conducted services at the city department of the Y. M. C. A. yesterday afternoon, and delivered an interesting address, his subject being the gospel invitation, "Come Now." It was an earnest, eloquent plea to the sinner to forsake his wicked ways and accept the gospel plan of salvation. At the close of his remarks several persons in the audience arose for prayers. In the evening Mr. Date spoke at the Berry street M. E. church, delivering a sermon of rare interest and force. His meeting last evening was the beginning of a series of revival meetings which will continue for two weeks at the Berry street church.

The fine gold watch was presented to Harry Jones by the popular Globe clothing establishment. Mr. Jones, who is a customer of the Globe, was given a chance to guess on the time the watch would run when wound up, and came within two seconds of the exact time. The watch was placed on view in the window of Mr. Graffe, the jeweler, and is guaranteed by him to be a fine and perfect gold timepiece. Mr. Jones' guess was 2 hours, 45 minutes and 3 seconds. The exact time was 2 hours, 45 minutes and 5 seconds.

The Master Builders' association of Fort Wayne held their annual election of officers at their Calhoun street rooms Saturday night. The result was as follows: President, William Geake; vice-president, Levi Griffith; secretary and treasurer, James W. Wilding; trustees, Henry Keller, Fred Miller, Ernest Brutmeier, Ernest Boester, F. A. Rose-Lewin, James Henry and John Baker. George Yeager was re-elected clerk.

If Your House is on Fire

You put water on the burning timbers, not on the smoke. And if you have catarrh you should attack the disease in the blood, not in your nose. Remove the impure cause, and the local effect subsides. To do this, take Hood's Sarsaparilla, the great blood purifier, which radically and permanently cures catarrh. It also strengthens the nerves. Be sure to get only Hood's Sarsaparilla.

A prominent physician and old army surgeon in eastern Iowa, was called away from home for a few days; during his absence one of the children contracted a severe cold, and his wife bought a bottle of Chamberlain's Cough Remedy for it. He said, from his experience with it, he regarded it as the most reliable preparation in use for colds, and that it came the nearest being a specific of any medicine he had ever seen. We are a patient people—the ox is nowhere in comparison.

We buy lamp-chimneys by the dozen; they go on snapping and popping and flying in pieces; and we go on buying the very same chimneys year after year.

Our dealer is willing to sell us a chimney a week for every lamp we burn—a hundred or more a year—and we plow for him, pay him for goading us.

Macbeth's "pearl top" and "pearl glass" do not break from heat; they are made of tough glass.

As likely as not our dealer would rather his chimneys would break; "it's good for the business," says he. He buys the brittlest ones he can get.

"What are you going to do about it?"
